## Concierge Service Provides Flexible Hours, Services

Rita's Care at Home LLC has always strived to meet the needs of seniors in Nashville and surrounding counties. When clients just need care an hour or two a week, that hasn't always been easy because most caregivers prefer to work at least 4 hours a day or 20 hours per week – for understandable reasons.

But many seniors tell us they only need 1-3 hours a day or even a week. Sometimes a client might just need assistance with a shower each week, or a couple of times a week, or just their hair washed each week.

Or maybe, they just need a phone call to check on them each day.

So Rita's has worked out a way to accommodate that need! Please call us today, if you or your loved one needs care, and we'll discuss how best to meet your needs –whether it be just a few hours each day, or each week, or up to 24/7 care a day. We'd love to help!

## Happy Birthday to Us!

My agency was licensed and launched 16 years ago this month! My goal was to provide the very best care possible to clients in the Nashville and surrounding counties, who preferred to stay in their home as they aged. It's been my belief that most seniors prefer to not leave their home as they age, and until their days end.

I wanted to write this letter as a big thank you to all our clients, those we're now serving, as well as those we've had the pleasure of serving in the past, for allowing us to provide those needed services! I have worked hard to make sure that we hire the best employees to provide services, to train them well to provide services and to maintain those services in a professional manner, with someone on-call 24/7, and by our addressing any concerns immediately.

Our clients have been great, and a blessing! We love and thank you for 16 rewarding years!

Sincerely,  
Rita Huffer
